

General Eligibility Information

- The equipment must meet the program's eligibility requirements listed here to qualify for the rebate. **Please confirm the eligibility of your system with a Participating Contractor.**
- The dwelling must be associated with a current Ameren residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:
 - Single-Family Eligibility**
 - Single-family residence
 - Building with four units or fewer, in any configuration
 - Row house, which is defined as a single-family dwelling unit that shares common vertical walls only with other single-family dwelling units
 - Multi-Family Eligibility**
 - Multistory, multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit
- A Participating Contractor must install qualifying equipment, and that contractor must be considered a Participating Contractor by the Heating and Cooling program at the time of installation. Participating Contractors can be located by visiting AmerenMissouriSavings.com/hvac or calling 877.215.5752. When you call the Participating Contractor, mention that you are interested in Ameren rebates.
- All rebate applications and supporting documents must be submitted by a Participating Contractor within 30 days of installation and by December 15, 2021.

New Equipment Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program and documented by the Air-Conditioning, Heating and Refrigeration Institute (AHRI).
- Existing operating CAC and ASHP being replaced must have a nameplate SEER rating of 12 or lower.
- Existing operating GSHP being replaced must have a nameplate EER rating of 12 or lower (partial cooling load).
- Existing failed CAC, ASHP or GSHP does not require maximum nameplate SEER/EER rating.
- Existing equipment that is operating must produce a temperature drop across the coil to be classified as early replacement. If the outside temperature is below 65 degrees, the Participating Contractor must verify that the compressor is operational.
- Rebate eligibility is dependent on the existing heating source. Please see the chart below for eligibility.
